

SAILING 8 DAYS IN THE SPORADES ISLANDS ABOARD THE YACHT ANATOLIE IN AEGEAN SEA

ITINERARY

Day 1-Saturday evening (/)

After arrival from Athens international airport, board Anatolie in **Agios Konstantinos** or **Kamela Vourla**.

Day 2 to day 7-Sailing among the coves and harbors of The south Pelion→ Skiatos, Skopelos→Alonissos

The south Pelion peninsula :

The Pelion peninsula in Central Greece has one of the **most stunning and beautiful coastlines** in the country. It is the perfect combination of sea and mountains, where the purest elements of nature blend together perfectly, creating a landscape unlike any other.

A large number of Persian Xerxes's ships were destroyed here as the result of a huge storm in 480 BC, when they were sailing to southern Greece (Herodotus book Z' & H).

According to famous historians, on the site today where the village of **Platanias** is located, was the ancient city Afetes, a safe harbor that was used by the **Persians** during their expedition to Greece. Those ships, after the battle with the Greek navy, were heading to the Artemision cave of North **Evia**.

The southern peninsula of Pelion combines the **crystal blue waters of the Aegean sea** and the **Pagasic Gulf**, creating a summer paradise, **with beautiful sandy beaches, charming coastal villages**.

Skiatos :

Skiatos is famous for the **golden beaches**, the **green nature** and the **vivid atmosphere**. The most popular beaches are located on the southern side of the island, that includes the famous **bay of Koukounaries**. The **beach of Lalaria, accessible only by boat trip**, is very impressive and also goes to the **Medieval Castle** of the island. In the inland, you will also find two lovely monasteries, **the monastery of Evangelistria and of Kounoupitsa**. The Town is the centre of activities on the island, where visitors head in the evenings to enjoy a relaxing drink.

Skopelos :

Located between Skiathos and Alonissos, Skopelos is a beautiful island with many **Byzantine monasteries** that became famous when scenes of the Hollywood movie **Mamma Mia** were filmed few years ago.

In fact, the impressive church of **Agios Ioannis Kastri** is known as the *Mamma Mia* Church.

The beaches of Skopelos island have crystal water and they are ideal to enjoy a long day under the sun. **Town and Glossa**, the two main villages of the island, are constructed on top of a hill and offer spectacular views of the Aegean Sea.

Alonissos :

Alonissos is an authentic island mostly known for its **incredible natural beauty** and the amazing beaches. The most picturesque spot of Alonissos island is **Chora**, a charming traditional **village with whitewashed houses and narrow paved streets**. It is located on top of a hill and offers a great view to the Aegean Sea.

We also recommend to visit the villages of **Patitiri, Votsi, Roussoum Gialos and Steni Vala**. The beaches have **crystal blue water** and are **surrounded by lush greenery**, that creates a relaxing atmosphere.
